

RAPID IMMUNIZATION SKILL ENHANCEMENT

Innovate | Improve | Immunize

RISE is an innovative, learner-centric, e-learning platform (mobile/web app) designed to build the capacity of healthcare workers involved in routine immunization in India. Conceptualised and developed by JSI under the guidance of the Ministry of Health and Family Welfare (MoHFW), it leverages digital technology to complement traditional classroom training by offering a self-paced learning experience, thus revolutionizing how healthcare workers are trained. Designed to enhance knowledge and skills, it also keeps the health care workers updated on the evolving Universal Immunization Programme (UIP) guidelines. With its scalable design and user-friendly interface, the aim is to ultimately improve immunization outcomes across the country.

RISE MODULES

The RISE platform consists of 5 specialized modules, each developed based on the insights from a comprehensive Capacity Building Needs Assessment. This assessment meticulously analyzed the training needs of vaccinators at the field level, ensuring the content is tailored to meet their specific challenges and requirements of vaccinators.

IMMUNIZATION SCHEDULE & SESSION MANAGEMENT

INJECTION SAFETY & VACCINE ADMINISTRATION

PRINCIPLES OF COLD CHAIN MANAGEMENT

ADVERSE EVENTS FOLLOWING IMMUNIZATION

COMMUNICATION TO TACKLE VACCINE HESITANCY

Each module includes a pre-test and post-test, where learners must achieve a minimum score of 70% to generate a certificate for that module. Upon completing all five modules, the learner will be awarded a Master Certificate.

Upcoming module on Zero dose

PROGRESS AT A GLANCE

Among the **1,50,228** learners in 324 Go LIVE districts on the platform, **98%** have **started the first module**, and **86%** have **completed the fifth module**. **Figure A** illustrates the module-wise percentage progress of learners.

Overall knowledge gain is calculated based on the difference between the post-test and pre-test scores of learners who have completed all five modules.

The maximum knowledge gain is observed in the second module, focused on injection safety and vaccine administration, with more than 50% of learners achieving a score improvement of more than 20 percentage points.

Learners can earn two types of certificates based on their performance:

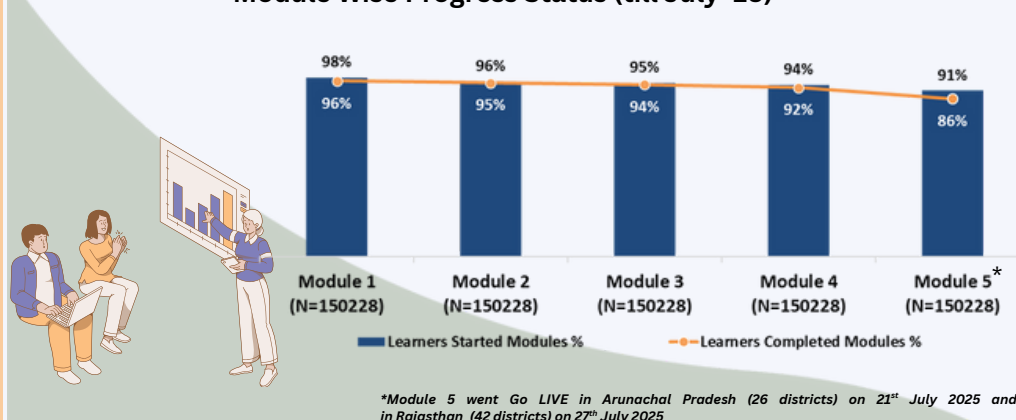

Gold > 85%

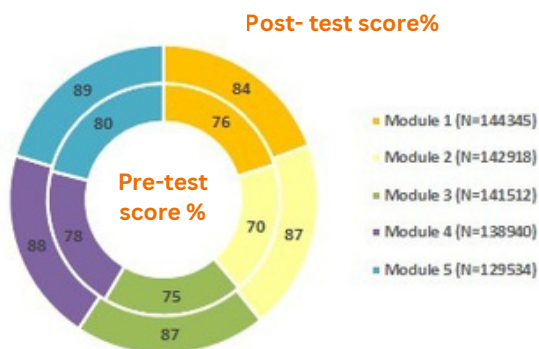

Silver- 70 to 85%

Key Activities across RISE Intervention States

ARUNACHAL PRADESH

Module 5 went LIVE on 21st July 2025 with an initiation rate of 83%.

Hands on training on RISE was given to MOIC and field staff of CHC Dumporijo, Upper Subansiri.

RAJASTHAN

Module 5 went Go LIVE on 27th July 2025 with completion rate of 59% by 31st July 2025.

Learner reorientation sessions were conducted across districts of Banswara, Dungarpur, Jaipur I, Jaipur II, Kotputli-Behror, Salumbar, Tonk and Udaipur.

UTTAR PRADESH

Physical meetings were conducted in Bulandshahr, Fatehpur, Kanpur Nagar, Kannauj, Lalitpur, Meerut, Muzaffarnagar, Raebareli and Varanasi with learners and supervisors.

As a result of sustained interventions, module 5 completion rate has increased to 98%.

MAHARASHTRA

In person block-level reorientation and handholding sessions conducted across 15 blocks in Nashik district, reaching 430 learners.

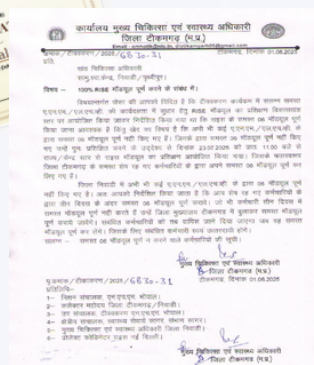

Letter issued for physical orientation meeting of newly enrolled vaccinators in RISE in Satara district.

At the state level, the Module 5 completion rate has reached 92%.

MADHYA PRADESH

Harda district achieved a 100% completion rate for Module 5

Physical and virtual reorientation meetings were conducted to support pending learners under the guidance of the Chief Medical Officer and DIOs in Harda, Tikamgarh, Niwari and Tikamgarh districts.

RISE Achievement of the Month

Congratulations on 100% Module completion ★

HEALTH UNIT DISTRICTS:

- ARUNACHAL PRADESH

We Appreciate the Leadership !!

BREAKING BARRIERS

- In the challenging terrain of Leparada, RISE leveraged digital technology to successfully train every targeted vaccinator.
- All participants completed Module 5 and earned Gold Certificates in three or more modules.

Leader of the Month

Dr. Karmar Dirchi,
District Medical Officer,
Leparada District, Arunachal Pradesh

100% learners from Leparada district completed Module 5, with gold certificates in three or more modules

"RISE is an excellent training module that helps learners clearly understand and refresh their knowledge of routine immunization. With continuous monitoring and support from district officers and MOICs, the learners successfully complete the RISE course within the timeline and with excellence. All vaccinators earned 3 or more Gold Certificates, making the district the first in the country under the RISE program where learners achieved this significant milestone."

Dr. Ram Singh
District Immunization Officer,
Etah District, Uttar Pradesh

Etah district, Uttar Pradesh successfully completed 100% module 5 in July 2025, module 1 went LIVE for them on 3rd March 2025

"RISE is an excellent online training app. It elaborates the content in a very easy and simple language. The training can be completed anytime and anywhere without time restriction, which is its special feature."

Even after generating the certificate, if there is any doubt, the learners can revisit the content again and again to clear it. Through RISE, it is also ensured that 100% of learners have been trained in immunization. The pre-test and post-test in the beginning and end of each module are very useful tools that show how much the learner has learned and in which areas they need further improvement."

What the RISE users have to say *

Mrs. Junuma Murtem
HWO,
Itanagar Capital Complex health district, Arunachal Pradesh

"The RISE App has significantly enhanced my knowledge and confidence in vaccine delivery. The course has strengthened my skills in vaccine storage, handling, safe injection practices, and managing adverse events. It also enhanced my ability to educate communities and handle vaccine hesitancy more effectively through various interactive sessions like case studies and quizzes in between."

Thanks to RISE, I now feel better equipped to ensure safe, efficient, and high-quality immunization services at the grassroots level. This course has truly elevated my role in protecting public health."

Mrs. Pallavi Rajendra Vispute
ANM,
Nandurbar district, Maharashtra

"Rise App is an effective App for gaining knowledge. I gained great deal of valuable information about vaccination, which was very beneficial in my work. The content was explained in simple, easy-to-understand language. The videos and voices in the app made it easier to understand and retain all the information. We request that you continue to provide guidance on new programs being implemented in our field of work."
