

RAPID IMMUNIZATION SKILL ENHANCEMENT

Innovate | Improve | Immunize

RISE is an innovative, learner-centric, e-learning platform (mobile/web app) designed to build the capacity of healthcare workers involved in routine immunization in India. Conceptualised and developed by JSI under the guidance of the Ministry of Health and Family Welfare (MoHFW), it leverages digital technology to complement traditional classroom training by offering a self-paced learning experience, thus revolutionizing how healthcare workers are trained. Designed to enhance knowledge and skills, it also keeps the health care workers updated on the evolving Universal Immunization Programme (UIP) guidelines. With its scalable design and user-friendly interface, the aim is to ultimately improve immunization outcomes across the country.

RISE MODULES

The RISE platform consists of 5 specialized modules, each developed based on the insights from a comprehensive Capacity Building Needs Assessment. This assessment meticulously analyzed the training needs of vaccinators at the field level, ensuring the content is tailored to meet their specific challenges and requirements of vaccinators.

IMMUNIZATION SCHEDULE & SESSION MANAGEMENT

INJECTION SAFETY & VACCINE ADMINISTRATION

PRINCIPLES OF COLD CHAIN MANAGEMENT

ADVERSE EVENTS FOLLOWING IMMUNIZATION

COMMUNICATION TO TACKLE VACCINE HESITANCY

Each module includes a pre-test and post-test, where learners must achieve a minimum score of 70% to generate a certificate for that module. Upon completing all five modules, the learner will be awarded a Master Certificate.

A dedicated module on Zero dose is set to be introduced soon

PROGRESS AT A GLANCE

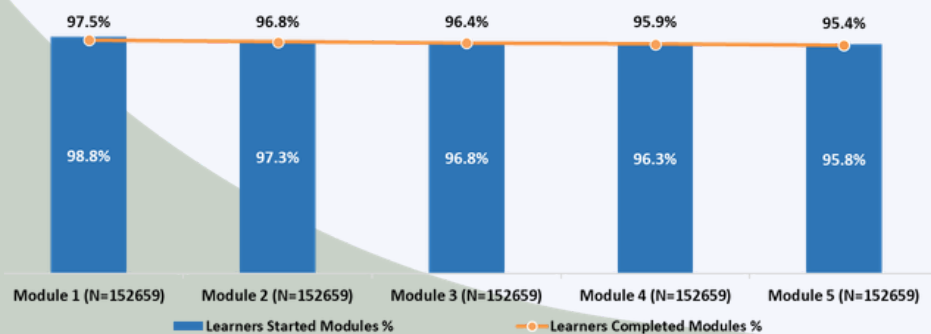

Among the **1,52,659** learners in 336 Go LIVE districts on the platform, **98.8%** of learners have **started the first module**, and **95.4%** have **completed all modules**.

Overall knowledge gain is calculated based on the difference between the pre and post-test scores of learners who have completed all five modules.

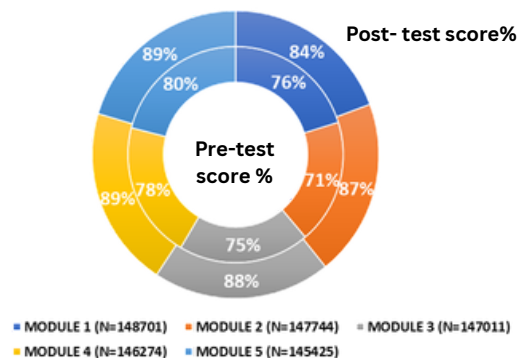

The maximum knowledge gain is observed in the second module, focused on injection safety and vaccine administration, with more than 50% of learners achieving a score improvement of more than 20 percentage points.

Learners can earn two types of certificates based on their performance:

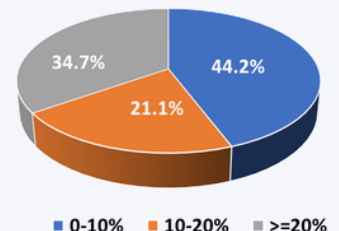

Module Wise Progress Status (till June 2026)

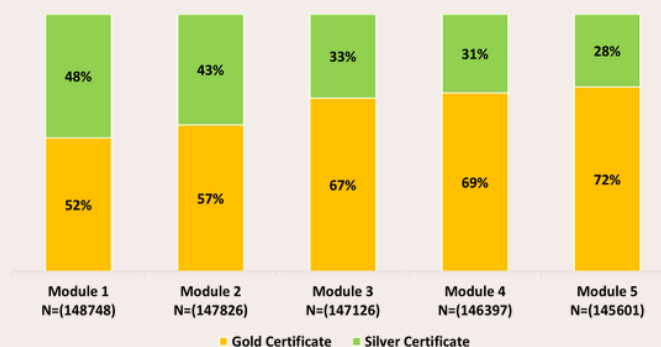

Pre and Post Test Scores of Learners (%)

Overall Knowledge Gain

Certification Status

*Data as on 30 June 2026

Gold > 85%

Silver- 70 to 85%

Key Activities and Progress across RISE Intervention States

ARUNACHAL PRADESH

Monitored and observed immunization outreach and fixed sessions at Dokum colony (UPHCRakap, Naharlagun) and UPHC Itafort, Itanagar.

Attended a meeting with the Arunachal Pradesh Nursing Council regarding the allocation of CNE credit hours for nursing professionals completing the RISE digital training module.

Conducted 5 rapid assessments at Naharlagun EAC, Itanagar Capital Complex.

Module 5 completion rate is 96.6 % (n=1574).

BIHAR

The State ToT is scheduled for 14 July 2026.

RISE pre-implementation assessment was carried out across 10 blocks of Bhojpur, Patna and Purnia districts.

Orientation and implementation planning meetings were completed with District Immunization Officers (DIO) from all 38 districts.

MADHYA PRADESH

Conducted a virtual re-orientation for pending learners from the Barwani district. A total of 54 pending learners, along with the DIO and DPM, participated in the session.

Following active follow up in coordination with the State, steady improvement in module completion is noted

Module 5 completion rate is 87.4% (n=19404).

MEGHALAYA

Coordinated with district officials in South Garo Hills to enroll new learners and conducted RISE orientation for 5 newly enrolled learners.

Completed 22 Rapid Assessments across the Baghmara, Gasuapara and Chokpot blocks.

Conducted the post implementation assessment of RISE across East Khasi Hills, South Garo Hills and West Jaintia Hills.

Module 5 completion rate is 99.7%. (n= 2409)

Key Activities and Progress across RISE Intervention States

RAJASTHAN

Conducted district review, coordination, and follow-up meetings across Dungarpur, Banswara, Nayagaon, Bundi, Baran, Kota, Jhalawar, and Kurabad to review Module 5 completion, pending learners, learner activation/deactivation, application utilization, and rapid assessment activities.

RISE reorientation sessions were conducted for 18 participants across Tinwari, Bhopalgarh, Nagaur, Jaipur, Churu, Jalore and Jaisalmer.

Conducted 18 rapid assessments across 10 fixed and outreach immunization sessions to assess knowledge, behaviour and practices related to immunization.

Conducted systematic follow-up with pending learners across districts, resulting in Bundi, Phalodi, and Barmer districts achieving 100% completion of all RISE modules.

Module 5 completion rate is 99.4% (n=26,799)

UTTAR PRADESH

Presented block wise RISE progress for RI supervisors and vaccinators during District and Block level review meetings in 6 Districts and 24 Blocks.

Conducted 24 Rapid assessments to assess the knowledge of learner and practices during Immunization Session.

Continuous follow up with learners resulted in 100% Module 5 completion in the Bara Banki district this reporting month.

Module 5 completion rate by vaccinators (n=50393) is 99.4 % and by RI supervisors(n=4469) is 85.6%.

UTTARAKHAND

Targeted communications were undertaken to track and motivate pending learners to complete their RISE modules. WhatsApp notifications were sent to the pending learners.

Significant improvement in module completion is noted, the module 5 completion rate is 88.3% in the State.(n = 2720).

**Dr. Kamlesh Kumar
Sharma**
RCHO, Bundi
Rajasthan

"It is a matter of great pride that all 413 learners from Bundi district have successfully completed every module of the RISE program. Among them, 309 learners earned Gold Certification, reflecting their commitment to continuous learning and excellence."

"This achievement is the result of the collective efforts of our health officers, ANMs, CHOs, and the entire field team. RISE has enabled our healthcare workers to learn at their own pace and convenience, significantly enhancing their knowledge, skills, and overall effectiveness."

"I congratulate the entire team on this remarkable accomplishment and am confident that, with the same dedication and enthusiasm, we will continue to strengthen the quality of healthcare services in our district."

What the RISE user has to say

Mingnera D Sangma
ANM, South Garo Hills
Meghalaya

"The RISE training has significantly improved my knowledge and confidence in routine immunization. It helped me better understand vaccine safety protocols, strengthen my session planning and management skills, and communicate more effectively with beneficiaries. The practical learning has made my day-to-day work more efficient and enhanced the quality of immunization services I provide."
